

Save the date!

For a very special Hiddur Mitzvah project!

Judaica from broken glass? YES!!!

Imagine a pile of glass as the beginning of a unique community project that combines art and Tzedakah.

Here's how it works:

- Make your own unique mosaic
- The mosaic is fired and attached to a metal base at The Gary Rosenthal Collection studio
- The finished artwork is sent back to school!

Come create the glass that will adorn your unique piece of Judaica!

Put coins in a Tzedakah box adorned with glass that you designed with your children. See your design sparkle as you light your Shabbat candlesticks. Create the glass decoration for the next mezuzah that adorns your home. Make a memorable gift for Grandparents or for a very special Yad for a Bar or Bat Mitzvah!

Available projects are shown here as well as attached to order form.

Deadline for orders is September 27th!

We appreciate your timely specific project orders so that we can place the orders with the Gary Rosenthal Workshop and allow the Parent Association to provide the most benefit to our students!

Walk-ins are welcome but project availability is limited and not guaranteed for any orders or checks received after the deadline.

Choose your projects today!

Choose your colors on October 17th!
